

Lokesh Babu Katta

Objective

Skilled in programming and web development with hands-on experience. Eager to contribute to exciting projects and committed to continuous learning to excel in software engineering.

Education

SESHADRI RAO GUDLAVALLERU ENGINEERING COLLEGE	2021 - 2025
BTech In Internet of Things 8.39 CGPA	
Narayana Junior College	2019 - 2021
Board Of Intermediate Education, AP , 89.8%	
Kendriya Vidyalaya	2018 - 2019
Central Board of Secondary Education, 78.6%	

Technology & Skills

Programming Languages: Python, JavaScript

Web Technologies : HTML5, CSS3, React.js

Frameworks : FastAPI, Django

Database : MySQL

Tools : Git, Github, MS Office

Soft Skills: Communication, Teamwork, Time Management

Certificates

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate	2025
Wipro TalentNext on Java Full Stack	2024
Machine Learning with Python: A Practical Introduction – IBM	2024

Projects

<u>Chef Claude (AI-Based Recipe Generator)</u>	2026
> Built a full-stack AI-powered recipe generator using React.js and FastAPI, allowing users to create customized recipes from available ingredients and selected cuisine. > Integrated Groq GPT-OSS 120B through a REST API with prompt engineering for structured, cuisine-specific recipe generation. > Implemented Pydantic request validation, CORS, server-side API key management, and a responsive component-based UI.	
<u>Smart Stress Monitoring System</u>	2025
> Built an IoT-based system using GSR and EMG sensors with ESP8266 to monitor stress levels. > Designed the system to track stress patterns in elderly individuals and people with ADHD or ASD. > Implemented real-time data logging to Google Sheets and ThingsBoard. > Applied Isolation Forest and XGBoost for stress anomaly detection and early condition prediction.	

Accomplishments

Secured 1st place in quiz competition which was organized by our department association PATRIOT, demonstrating commitment to strong general knowledge, subject knowledge skills, and teamwork.
